Fax: 301 357 8478

Email: healeysurgeons@aol.com

Website:

www.healeysurgeons.com

INTRODUCING HEALEY SURGEONS:

Healey Surgeons specializes in providing new and used parts for the "Big Healeys". Our new parts inventory is one of the most comprehensive in the US offering 1500 selections. The staff, with over 50 years of experience in servicing and restoring Austin Healeys, would be able to help you in selecting what is needed for your project.

RETURNS & REFUND:

For a full refund, please return part(s) within 4 weeks and in a condition that you would have liked to receive it. A copy of the invoice is needed, otherwise, a 15% restocking charge might be assessed. No returns will be accepted after 6 months. Used parts returns are subject to a 50% restocking charge because of the time we spent to remove it from "donor" cars.

WARRANTY:

All goods are backed by the manufacturer's warranty and subject to their terms and conditions. A copy of the invoice must accompany your warranty claim. A replacement part or a full refund will be issued after the manufacturer has evaluated the part in question.

HOURS:

Monday-Friday, 9:00-6:00 Eastern standard time

FOR TECHNICAL ASSISTANCE:

Check out the website's Tech Section, or call during our office hours, or send an e mail to the address above.

***Note:** due to fluctuations caused by foreign exchange, these prices can change throughout the year. Please feel free to call for any updates.*

BODY & STRUCTURAL

When ordering, please specify left (driver) or right (passenger) side.

EXTERIOR PANELS

BDY-034	FRONT BUMPER SPLASH PAN (ALUMINUM)	BN1-BN2	110.00

Exploded view diagram of a vacuum tube radio receiver. The diagram shows the following components and their labels:

- 006, 006A**: Top cover or antenna coil.
- 024, A, B**: Tuning eye or indicator.
- 026, 025, 027, 028**: Small electronic components or capacitors.
- 049**: Vertical component, possibly a speaker or antenna.
- RuB, 018**: Resistor or component.
- 003**: Small component.
- 046, 047**: Small components.
- 004**: Small component.
- 002**: Small component.
- 001, 001A**: Main chassis or base.
- 010**: Small component.
- 005A**: Small component.
- 008**: Small component.
- 009**: Small component.
- 068**: Small component.
- 021**: Small component.
- 069A, B, C**: Coils or wiring.
- 014A**: Small component.
- 013A**: Small component.
- 064**: Small component.
- 054, 055**: Small components.
- 055A**: Small component.
- 022**: Small component.
- 056**: Small component.
- 053**: Small component.
- 045**: Small component.
- 060**: Small component.
- 067**: Small component.
- 023**: Small component.
- 059**: Small component.
- 059B**: Small component.
- 052, 052A**: Small components.
- 043**: Small component.
- 020**: Small component.
- 030, 31**: Small components.
- 029**: Small component.
- 032A**: Small component.
- 024E**: Small component.
- 032**: Small component.
- 044**: Small component.
- 044A, 044B**: Small components.
- 011, 011PS, 011NS**: Small components.
- 012, 012PS, 012N**: Small components.
- 051**: Small component.
- 065**: Small component.
- 048**: Small component.
- 033**: Small component.
- 019**: Small component.
